1. I have been alerted by [redacted] that [redacted] will brief a selected number of CIA personnel on [redacted] activities of possible interest to CIA at 9 a.m., 16 April, at 117 Central Building. I am not sure how many ORR personnel can attend, but I expect a call from Matt Baird on this point. It is understood that ORR and OSI have indicated a major interest in continuing discussions with the [redacted] representatives. 25X1A5a1

2. You will recall that we prepared a list of possible activities that might be supported, one way or another, by the [redacted]. These suggestions were submitted on 23 January 1958 and a copy of them is attached. Also attached are items that were discussed at a DCI luncheon which was attended by [redacted].

3. At my suggestion, Matt Baird has arranged for the ORR representatives to sit down with some of the [redacted] representatives at 10:30 a.m., 16 April, after the briefing at 9 a.m.

4. I suspect that we should have roughly not more than 6 or 8 ORR members, if that many are allowed. I further suggest that they should be senior, possibly yourselves, and should have a definite interest in helping [redacted] by professional guidance and advice.
